

Domain Name Registration and Use Policy for “.CBN”

I. General principles

1. Purpose

The “.CBN” Top Level Domain (“TLD”) established by and for the use of The Christian Broadcasting Network, Inc. (CBN), the Registry Operator for the TLD space. The Registry Operator reserves the sole and exclusive right to make any changes to domain name registrations within the “.CBN” space (including the cancellation, transfer, deletion or suspension of any such domains) where it determines that the registration in question is in violation of the terms and conditions contained herein, or is contrary to the best interests of CBN. This Policy is intended to be updated and revised to reflect the needs of CBN and its TLD.

The registration of domain names within the “.CBN” TLD shall be restricted to CBN itself. Thus following a single-registrant model, CBN may, in its sole discretion, elect to license the use of the registrations within this space to, *inter alia*, appropriate corporate divisions, subsidiaries, and other affiliated entities.

2. Registration Policy

As indicated above, the “.CBN” TLD follows a single-registrant model. Thus, CBN shall be the only entity eligible to register domain names within the “.CBN” TLD.

3. Licensing of domain name registrations

CBN may, in its sole discretion, elect to license the use of domain name registrations within the “.CBN” space to, *inter alia*, appropriate corporate divisions, subsidiaries, and other affiliated entities. In all cases, however, CBN will remain the registrant of record for all domain name registrations within the TLD, and shall retain the authority to modify or terminate such registrations at any time via the concerned registrar.
